## Foreword

In order to preserve the history and culture of the ancient Varendra region Kumar Sarat Kumar Ray, Akshay Kumar Maitreya and Ramaprashad Chanda, three worthy sons of the soil, took the noble effort to establish the Varendra Research Society and Museum at Rajshahi in 1910. Since then the institution has been playing dominating role in collecting the artifacts from every nook and corner of the country. Now this most earliest museum of the country has gained world wide reputation.

In fact, its rich collection of Bengal arts specimens—stone, metal and wooden sculpture has made it so renowned. Moreover, it has got huge collection of coins, terracottas, metalwares etc. Other rare artifacts are thousands of manuscripts. Most of them are Sanskrit written on hand made paper, *bhujapatra*, palm leaves etc. Of course, there is a number of manuscripts written in different languages of India, let alone Bengali. Notable manuscripts based on *Purana*, *Smriti*, *Vyakarana*, *Vedanta*, *Tantra*, *Nyaya*, *Darsana*, *Abhidhana*, *Alamkara*, *Itihasa*, *Jyotisa*, *Nataka* etc. present our ancient history, language and literature, religion and culture, knowledge in medicine. It also reflects our glorious heritage and tradition.

In addition to that, we come to know from these manuscripts like Chandragoswami, Bhattanarayana, Santarakshita, Murari, Abhayarakshit, Trilosondas, Kamalseal, Jina Probodeswari and so on and so forth, who are vast erudite in their respective fields and contributed a lot for the advancement of Varendra culture and education. In this context, I cannot but mention three noted manuscripts preserved in the Varendra Research Museum. One of them is *Astashahasrika Prajnaramita* written at the 19th year during the reign of Varmanraja Harivarmana; and the others are named *Karandavyuha* and *Bodhicharyavatara*. These two manuscripts bear special significance to know contemporary history and culture of the region.

A catalogue of Sanskrit manuscripts first volume was published from the Varendra Research Museum in 1979. Now the second volume of the catalogue including 700 Sanskrit manuscripts is going to be published after a prolonged period. A good many unavoidable circumstances has made this delay.

Prof. Kanailal Roy and Prof. Chittaranjan Misra, two senior scholars of Rajshahi University, have spared no pains to edit the present volume of Sanskrit manuscripts, which is no doubt a painstaking effort. Hence, I thank them sincerely.

We are obliged to the Honourable Vice Chancellor of Rajshahi University for his noble initiative and generous financial assistance. The respected members of the Museum Advisory Committee have also given wise counsel and directions to improve the publication. My cordial thanks are also due to them.

Md. Zakaria, Dy. Director (now Acting Director), Md. Manirul Haque, Dy. Director and Md. Abdul Kuddus, Sr. Conservation Officer of the Varendra Research Museum have rendered useful assistance to the publication. M. A. Gayyum, Sr. Display Officer has designed the cover with a great skill. All of them really deserve thanks.

I believe, the inquisitive readers from home and abroad will find the publication tremendously useful to have a lot of information about language and literature, philosophy and religion, behaviour, heritage and culture of ancient Bengal.

## Preface

The Varendra Research Museum, University of Rajshahi, is one of the greatest and very rich museums of Bangladesh. A large number of various old manuscripts are preserved in this renowned museum along with many other collections like sculptures, inscriptions and coins etc. mostly belonging to ancient and medieval Bengal. Almost all the manuscripts preserved here are written either in Sanskrit or Bengali language. However Bengali script is used in composing most of the Sanskrit manuscripts. Only a few of the manuscripts are, however, written in Devanagari script.

In the museum, the Sanskrit manuscripts were left unidentified for a long period of time. Besides, a good number of manuscripts were torn, incomplete, and not dated. S. N. Siddhanta, Ex- Curator of the Varendra Research Museum (now expired) made a descriptive catalogue of eight hundred and fifty two Sanskrit manuscripts for the first time in 1979. In the preface of his work, he narrated the history of the collection of this precious object in the Varendra Research Museum. He also mentioned about the unsatisfactory preservation of the manuscripts there for a long time. He, however, made a unique contribution through discharging his responsibility of compiling the catalogue of a large number of manuscripts successfully. But still hundreds of manuscripts were left untouched for identification.

Realising the importance of the preservation of these unidentified manuscripts with a proper catalogue, late Professor Kasimuddin Molla (Department of History, University of Rajshahi), the Administrator of the Varendra Research Museum during 1986-88, took initiative and placed the matter to Professor M.A. Raquib, Vice Chancellor of this University from 1982-88. Professor Raquib was kind enough to consider the matter and took necessary steps for the preservation of the unidentified manuscripts with proper and descriptive catalogue. Being advised by late Professor Molla, Professor Raquib proposed us to shoulder the responsibility of doing this difficult and laborious job. The over all supervision of this work, however, was entrusted to Dr. Shahanara Husain, Ex Professor of the Department of History of the University of Rajshahi. She was, indeed, ever anxious to bring out a descriptive catalogue of the manuscripts preserved in the Varendra Research Museum.

We started working on the preparation of a descriptive catalogue of the manuscripts as soon as we were commissioned by the authority of the University of Rajshahi for the work in 1986. After working hard for a long period of more than two years, we succeeded in preparing the catalogue of about twenty six hundred Sanskrit manuscripts worthy of deciphering. These manuscripts are mostly based on the *Vedanta*, *Upanisad*, *Tantra*, *Purana*, Grammar, Dictionary (Lexicons), *Vaisnava* Works, *Kavya*, Drama, *Ayurveda*, *Jyotisa*, History, Philosophy (*Navyanayaka*) and Law (*Smriti*) etc. As many of the manuscripts were fragile and illegible, we had to put our utmost attention and patience in deciphering them. In this descriptive catalogue, we have included particularly the title, name, author, subject, period, language, scribe, size and where possible the colophon of the manuscripts.

After the completion of our work, we submitted four typed copies of descriptive catalogue to the Varendra Research Museum. But for a long time the general visitors and interested readers did not have any access to it. The authority of the University of Rajshahi, however, took necessary steps for the publication of this voluminous work after we submitted it. But unfortunately the process towards its publication was delayed due to some unavoidable circumstances. We are now extremely happy that our toilsome work in being brought to light. Though a bit late, the catalogue is ultimately going to be published. We would like to express our warmest gratitude and thanks to the authority of the University of Rajshahi for expediting the process of its publication. This publication, we hope, will not only be useful for scholars and researchers but also for the general readers.

While preparing the descriptive catalogue of the manuscripts, we received necessary guidance, and suggestions from Dr. Shahanara Husain. With her erudition and vast experience, she always extended her cooperation to us to complete this job successfully. We would like to express our gratitude and sincere thanks to Dr. Husain for her interests in our work. During the preparation of this work, we also received constant encouragement from Late Professor Kasimuddin Molla. We acknowledge a deep debt of gratitude to him. Unfortunately he could not see the catalogue in its published form during his life time. We are very much grateful to Professor M. A. Raquib who took much interest in our work. As a Vice Chancellor of this University, he, with his pious intention, realised the necessity of preserving the valuable manuscripts with a descriptive catalogue. In the preparation of the work, we also received constant cooperation from Professor Saifuddin Chowdhury, Ex Director of the Varendra Research Museum. The service provided by Md. Zakaria, now Acting Director, Md. Monirul Haque, Deputy Director, Md. Abdus Salam Mandal, Deputy Director, Md. Abdul Kuddus, Senior Conservation Officer, Md. Mukhtar Hossain, Book Binder, along with other members of the staff of the Varendra Research Museum in bringing a successful completion of this work is really enormous. Without their sincere help and unfailing assistance it would have been difficult for us to complete this work smoothly. We are really grateful to each of them involved with the preparation of this catalogue.

Finally it remains for us to record our thanks to the publisher for undertaking the publication of this prestigious work.
